Dear sir

How sorry I was to learn that we may well loose the Tudor Pub/restaurant such a well known hub in South Ferring, to turn it into flats is one thing but to build the houses at the rear is unforgivable that would be awful for the bungalows behind not to mention the reduction of parking spaces in an area already overcrowded with cars at the shops.

The Tudor is a land mark and been part of Ferring history ,any changes must be sympathetic even if we have to loose the amenity we have enjoyed for so long.

Yours sincerely

Mr Alan Beechey
