> Subject: WSCC Highways Authority planning services report on

> FG/46/21/PL Dated 6 April 21

>

> Good afternoon Nicola

> I hope you can help me.

>

> I refer you to the above report which relates to a proposal which will have the southern edge of my 8ft wide driveway as its northern boundary.

>

> I note with concern that there is no consideration being made for the line of sight from where my driveway exits on to The Grove. There is a proposed parking space set tight up against the exit of my driveway right to the road itself, obscuring my line of sight. To make the matter worse, the space is too small for an average car meaning anyone parked there in an average car will have part of their car poking out into the road decreasing my line of sight even further.

> I wonder if you would kindly have another look at this proposal? I

> would like to be reassured that the line of sight from my driveway

> will be kept clear (is it called a visibility splay?)

>

> Many thanks for your help.

>

> Regards
