Subject: Yeomans Ferring

Dear Kevin

I have spoken to Andrew Wood at Arun today and there seems there was some misunderstanding on what we were trying to achieve in satisfying the transporter delivery condition.

Arun now understand that the delivery restriction of unloading on the A259 only applies to Honda cars being delivered to the new premises. This was agreed by Team Leader Juan Baez and the Development Control Committee when planning was passed last year.

Our established use of unloading/loading on the A259 for all other vehicles associated with our established Peugeot business is unaffected by the condition.

Mr Wood said he would write to you tomorrow to confirm that the condition was satisfied.

Kind regards,

Richard B. Smith
