Hi Dawn,

Apologies for the delayed reply, I have been mega swamped.

The attached tracking plan was/is all ok. I note that Anita has approved the application. Anita, for completeness I have done a retrospective formal reply to a consultation request that was raised of this.

Kind Regards

Subject: 44 Ferringham Lane, Ferring BN12 5LU

Hi Ian,

Further to your consultation response in respect of application FG/50/21, I now attach a plan showing the swept path tracking of a refuse lorry and fire tender within the proposed turning area as requested.

The plan does not have the same drawing number referred to on the site plan as there were various iterations of the drawings through the design process. I can confirm that the drawing has been prepared in accordance with the turning area shown on the submitted drawings.

I trust that this is sufficient for your purposes but do let me know if you need anything further. I have copied the case officer in on this email for completeness.

Kind regards

Dawn
