Subject:

I am aware that we are too late officially to comment on the Planning Application for 66 Elm Park, but would hope you can consider these points.

The drawings show a considerable change to 66 Elm Park, all the other houses are dormer style bungalows, looking at the plans 66 would become a two story house which is not in keeping with Elm Park.

We live at 60 Elm Park and we have some concerns that the increase in number at the back of 66 would mean our garden and property would be more overlooked than at the moment.

I hope you can take into account our concerns before granting permission to build.

Yours sincerely

R J Curtis
