I am opposed to this application regarding the tarmacking of the current overspill parking area due to the restrictive approach to the site.

Rife Way, Ferring is a normal urban road restricted by vehicles parked on either side. This road is not suitable for vehicles to pass during congestion, which is at most times. Improving the car park at Ferring Country Centre would only aggravate the situation. Rife Way was perfectly adequate during the early years of the Centres existence, but is now not adequate for increase in two way traffic.

John Langton
