

From The Property Owners
Littlehampton Road,
Ferring,
West Sussex

26th November 2017

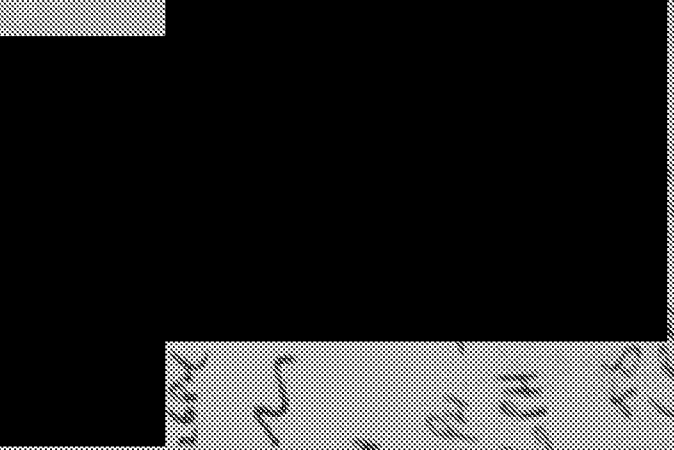

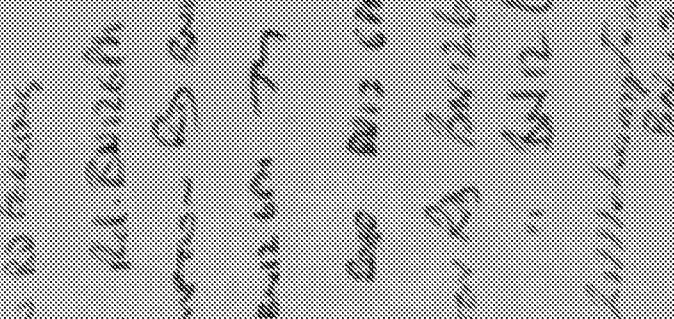

To Arun District Council and Environment Agency

We would like to bring to your attention, yet again, about the disturbances that we all have to deal with from Quentus Nursery Littlehampton Road Ferring.

We are woken 2-3 times a week with loud bangs as large pots containing plants are unloaded by a back lift. There are also bright lights glaring into our properties and then the revving engine as the lorry then leaves. As said, this all happens at least 2-3 times a week, anywhere between 1.30-5.00pm. If this noise happened during the day it would probably go unnoticed but in the still of the early morning the noise filters through the neighbourhood. It has been noted that the driver and lorry then proceed to Aida's car park where he then sleeps. It was asked that if possible the driver could take his break and then unload his goods but this has been ignored.

This was first brought to your attention back in April 2017 and as of yet we are still having to put up with bad health due to lack of sleep. We understand that you have spoken to the owners who are not interested in being neighbourly.

We would also like to bring to your attention that on their planning application they stated that their operating hours would be Monday to Friday, 9am to 5pm. Based on that information we did not object.
