Planning application FG/52/18/PL

Dear Sir,

We wish to raise STRONG OBJECTIONS to the above application.

This application effectively doubles the size of the operation on the site and does not reflect what is actually proposed.

We live opposite the Quercus Nursery, and have on considerable occasions been disturbed during the early hours of the morning by the delivery and off loading of very large vehicles and causes significant disturbance to our enjoyment of a peaceful nights sleep.

It is quite clear that this application, and the extended use of the site is in direct contradiction to policies CPS1, EMP DM1 (6) h, HOR DMI (h).

The continued use of the site, especially during the night has a substantial impact on the environmental amenities we enjoy.

The use of the site is not in keeping with the original application, which must be investigated thoroughly, and the application should not be approved.

Clive and Sally Neil-Smith
