Dear Mrs Aird

I gather you are the case officer for the above reference number.

My reference number from planning office is owpc 18230

We have put an objection to the building works for number 5 Barbary Lane Ferring bn12 5jb we live at 3 Barbary Lane.

We did send some photo's to Mr Ross Leal as to the problem we might have should he be allowed to lift the shed roof to almost the garage height with the infill between the shed and garage and use concrete tiles which will be a total about 50' feet long which we feel wold be overbearing he tried to have the shed roof to the height of the garage when he first put it up some years back he was informed to reduce it after we submitted a complaint. So now it's on again he does not use his garage except for his carpentry and his machines so he would then have a extended workshop with extra machinery.

On the south elevation he intends to put a velex window into the south west corner of the roof which will invade our privacy by looking straight onto our patio and garden.

We can send you photo's if you wish.

Mr P Nevill

Hi

Please could you add these photos to Mr Nevill's objection , forwarded just now.

Thanks

Mandy

I have enclosed some photo's to give you a perspective of what our complaint is about

Many thanks
