Subject: RE: Planning Consultation on: FG/57/22/PL

I have no objections to the above proposal but would recommend the following conditions;

- Prior to occupation of the dwelling, a scheme for the provision of facilities to enable the charging of electric vehicles to serve the approved dwelling shall be submitted to the local planning authority for approval and thereafter implemented in accordance with the approved details and the charge points shall thereafter be retained and maintained in good working condition. Charge points should be Mode 3, 7kw fast chargers as a minimum.

Reason: New petrol and diesel cars / vans will not be sold beyond 2040, and to mitigate against any potential adverse impact of the development on local air quality, in accordance with policy QE DM3 (c) of the Arun Local Plan, the Arun District Council Electric Vehicle Infrastructure Study (November 2017) and the National Planning Policy Framework (NPPF).

- No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:-
 - a) An indicative programme for carrying out of the works;

- b) Details of the arrangements for public engagement / consultation both prior to and continued liaison during the construction works;
- c) Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method of piling for foundations, the careful selection of plant and machinery and use of noise mitigation barrier(s);
- d) Details of any floodlighting, including location, height, type and direction of light sources and intensity of illumination;
- e) The parking of vehicles of site operatives and visitors;
- f) Loading and unloading of plant and materials, including permitted times for deliveries;
- g) Storage of plant and materials used in constructing the development;
- h) The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- i) The provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulations Orders);
- j) Measures to control the emission of dust and dirt during construction;
- k) A scheme for recycling / disposing of waste resulting from demolition and construction works i.e. no burning permitted.

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

- No construction / demolition activities shall take place, other than between 08:00 to 18:00 hours (Monday to Friday) and 08:00 to 13:00 hours (Saturday) with no 'noisy' work on Sunday or Bank Holidays

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

- The owner(s) of any domestic property built or refurbished before the year 2000 are legally obliged to protect householders from any risks from work activities being carried out in their homes. Where the work being carried out involves Asbestos-Containing Materials (ACM's), then the Control of Asbestos Regulations 2012 will apply. As the proposed development is being demolished and / or renovated, the Council need to be satisfied that any ACM's previously identified as still present, is either removed or suitably managed to minimise risk to human health as there is no safe threshold for asbestos exposure.

Within any owner-occupied domestic properties, the owner(s) are not legally responsible for risks to contractors from asbestos, as the owners themselves are not engaged in any work activity.

NB: If you are planning any DIY home improvements, repairs or maintenance – and intend to bring in any additional builders, maintenance workers or contractors to site – you must inform them of any ACM's in your home before they start work. This will help reduce the risks of any ACM's being disturbed. The

domestic enforcement authority; the Health and Safety Executive (HSE) strongly encourages the use of trained professionals to repair or remove ACM's. If an owner / occupier chooses to carry out DIY repairs or remove damaged asbestos materials themselves, they must make sure the right Personal Protective Equipment (PPE) is used and always follow safe working methods. In addition, please be aware that ACM's need to be legally disposed of as 'hazardous waste'. The removed materials should not be mixed with normal household waste. Arrangements must be made to have any ACM's collected by a competent person(s) or there may be special facilities in an area where you can safely dispose of it.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031

Informative:

- The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received. For further information please contact the Environmental Health Department on (01903) 737555

Joanne Lewis

My working pattern is usually between 09.30 and 14.45 Tuesday – Friday.

NOTIFICATION FROM ARUN DISTRICT COUNCIL

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Planning Permission

Application No: FG/57/22/PL
Registered: 8th April 2022
Site Address: 12 Little Paddocks Ferring BN12 5NJ
Grid Reference: 509397 102295
Description of Works: Demolition and erection of 1 No new dwelling. This application is in CIL Zone 4 and is CIL Liable as new dwelling.

The Council have received the above application.

[Click here to view the application details](#)

This application has been identified as CIL Liable. Therefore please be aware that, in accordance with Appendix 2 of the Arun CIL Charging Schedule, your consultation response should only include requests for Section 106 for onsite mitigation, Pagham Harbour Management Contributions (if applicable) or Affordable Housing. "Off" Site mitigation measures directly related to this development should be dealt with by condition if possible to ensure the scaling back of Section 106 if possible. CIL contributions will be used for "off" site infrastructure mitigation schemes. Therefore if this proposal triggers the need for "off" site mitigation, please ensure that you engage in the CIL Infrastructure List Consultation process upon receipt of a consultation letter.

Should you have any comments to make, these should be sent by replying to this email by 13th May 2022 . You can also monitor the progress of this application through the Council web site:

<https://www.arun.gov.uk/planning-application-search>

The application will be determined having regard to the development plan policies (if any are relevant) and other material considerations. The development plan can be accessed via the website

<https://www.arun.gov.uk/development-plan> as can information on what comments we can consider

<https://www.arun.gov.uk/planning-application-comments>

Please be aware that any comments you may make will be available on our website so please do not insert personal details or signatures on your reply.

Should the application go to appeal the Planning Inspectorate will publish any comments made to the Council on their website: <https://acp.planninginspectorate.gov.uk/> but they will protect personal details.

In the absence of a reply within the period stated, I shall assume that you have no observations to make

Yours sincerely

Mrs A Gardner
