Dear Mr Cheesmur,

I have received the above application today. Prior to receipt of responses from consultees , with regard to condition 6, the shelter details are likely to be acceptable, but I will require confirmation of the precise position where it is to be installed which should be within the red edge of the application site. Please can you provide a plan clearly indicating the position for consideration as part of the application. I would appreciate receipt within the next 2 weeks.

Regards

Anita Gardner
