

DECISION NOTICE

Application Ref: FG/62/26/HH

1 To Addressee

Carl Moore Architectural Design
18 Parklands Avenue
Goring-by-Sea
Worthing
BN12 4NH

2 Site Address

1 Greenways Crescent
Ferring
BN12 5EF

3 Description of Development

Proposed detached garden room.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans:

- Proposed Plans AR-197-01.
- Proposed Plans AR-197-02.
- Proposed Plans AR-197-03.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with Arun Local Plan policy D DM1.

- 3 Before any machinery is introduced to the site or construction work takes place, a brief written report (with supporting photographic evidence) is required from the Arboricultural Consultant representing the site owner(s), confirming and demonstrating that all ground protection and protective fencing has been assessed and is 'Fit for Purpose' as required under British Standard 5837:2012 and been erected and positioned exactly as shown on the Tree Protection Plan

(Appendix 6 of the approved Tree survey & report), ref. B/0679/26.

Reasons: To comply with BS5837:2012 and ensure the retention and maintenance of trees and vegetation which are an important feature of the area, in accordance with Arun Local Plan policy D DM1. It is considered necessary for this to be a pre-commencement condition as the protection and retention of trees goes to the heart of the planning permission.

- 4 Part a) All activity at the site is to be carried out in strict accordance with: - Tree survey & report, Beechdown Consultancy Ltd., ref. B/0679/26, 7th August 2026.

Part b) If there is deemed to be a need for any Utility Service Route connections to bisect retained tree Root Protection Areas/Zones, then prior to their installation a Method Statement prepared by an Arboricultural Expert must be submitted that stipulates how this can be achieved without adverse impact on tree roots. Written approval and confirmation of acceptance of this Methodology must be issued before any works are commenced out on site.

Reasons: To comply with BS5837:2012 and Arun Local Plan policy ENV DM4 and to ensure that retained trees are afforded due respect and appropriate levels of protection such that their ongoing health and vitality is not compromised, and they can continue to enhance the landscape and amenity of the area.

- 5 The proposal hereby permitted shall be occupied solely for purposes ancillary to the occupation and enjoyment of 1 Greenways Crescent as a garden room and shall not be used as a separate unit of accommodation.

Reason: To accord with Arun Local Plan policy D DM1 and to prevent the establishment of an additional independent unit of accommodation which would give rise to an over-intensive use of the site and lead to an unsatisfactory relationship between independent dwellings.

Statutory Biodiversity Gain Plan Condition

- 6 Based on the information available, this permission is exempt from the requirement to provide a biodiversity gain plan under Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990. The following exemption applies:

This planning permission is for development which is a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Reason: In accordance with Schedule 7A of the Town and Country Planning Act 1990 (as amended).

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended). The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the NPPF.

Decision Issued: **28th August 2026**

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

As this is a decision on a Householder application, if you want to appeal a refusal, then you must do so within 12 weeks of the date of this notice. If you wish to appeal a condition, you must do so within 6 months of the date of this notice.

Appeals should be made on line via Appeal A Planning Decision <https://appeal-planning-decision.service.gov.uk/before-you-start> If someone does not have access to the internet and needs help completing the appeal digitally, they should contact the Planning Inspectorate customer service team on 0303 444 5000 who will provide details of the support options available.

Before making an appeal, you may find it useful to review guidance and watch a video explaining the appeals process at <https://www.gov.uk/government/collections/make-an-appeal-to-the-planning-inspectorate-and-associated-guidance>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own

checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
