Hi Zac

Those amendments will be fine. Could you please amend the application so we can go ahead.

Dear Mr Devitt-Spooner,

As it stands, application ref. FG/64/17/T will be refused, however, as you can see the Arboriculturalist has suggested amended works.

I am able to change the description to allow the amended works to go ahead which will save re-application if you would like.

Please reply in a week so I can change this for you.

Yours sincerely,

Zac Denton
