To whom it may concern I wish to comment on this application at the little tipple Ferring I make delivery's twice a day next door to Pinkertons and if this is left as it is I will have to keep parking in the road causing a hazard and when I have a lot of plants and compost I can be there sometime .My understanding is this is a public highway and I think this person has had this refused before .I would also like to know what happens in the dark mornings and evenings when this will be a hazard and if somebody falls over this are you liable to be sued because you gave permission. I f this is given permission does this mean anything can be done in this road and outside the shops I could maybe make a lovely plant stall in the middle of Pinkertons to encourage more customers with a giant flower display really concerned about this phil p k plants
