Dear Sir

APPLICATION FG/66/18/PL

I cannot believe that consideration is being considered for a home at 78 Langbury Lane, Ferring for the care of drug addicts, Alcoholics and folks with health problems.

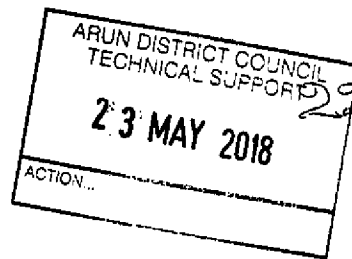

This is a quiet area for many of retirement age, seeking a peaceful life, not expecting to cope with disruptive persons on their doorstep.

Also Langbury Lane is a VERY busy road and further "comings & goings" to the home could cause additional traffic problems.

I object most strongly to the above Application.

22nd May, 2018.

Chief Planning Officer,
Arun District Council,

Dear Sir, re Application FQ/66/18/P2

This application for a Care Home at No. 78, Langbury Lane, Ferring, has been noted by local residents, but the connotation C3(b) was not appreciated to refer to Schizophrenic patients.

This area is not only entirely residential, but the greater proportion of those residents are elderly people, of pensionable age who, having lived full lives, are now entitled to quiet enjoyment of their retirement.

To have half-a-dozen, or so, disruptive patients on their doorstep is too much for them to bear. To anyone who ^{has} any knowledge or experience of such unsocial behaviour as will no doubt ensue the situation becomes intolerable.

On behalf of those neighbours and myself, I object most strongly to this application.

Yours faithfully,

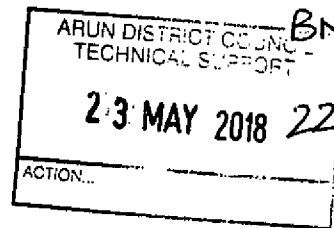

Linda Rashbrook

Malttraves Rd

Littlehampton, W. Sussex.

Dear Sir/Madam.

Re Applications FG/66/18/PL & FG/65/18/PL

I object most strongly to the above Planning Applications:- change of use from C2 to C3(b). This change of use will undoubtedly cause increased noise and disturbance to the entire neighbourhood. This area is totally unsuitable for people requiring (C3(b)) care, as there are no suitable amenities locally to meet their needs.

This is a quiet, peaceful residential area, the greater proportion are retired and entitled to quiet enjoyment of life, and to feel safe. We do not need the added stress and continuous disturbance and potential disruption to our lives this change of use would cause.

There would be parking problems in an already busy road, which experiences queues regularly on most days. Due to the high levels of staff the home would require there would be 'comings and goings' at all hours and this would cause additional traffic problems.

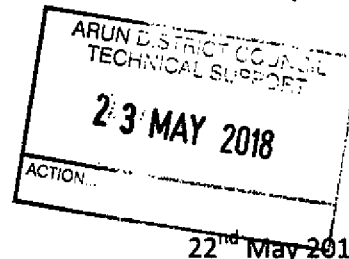

I trust you will consider my objections.

Yours faithfully

Mr & Mrs A J Hobden

Dear Sirs

PLANNING APPLICATIONS FG/66/18/PL & FG/65/18/PL & C3b

We are appalled to learn of the proposed change of use of the former religious care home detailed in the above planning applications. As our property directly overlooks the buildings concerned we consider that we should have received personal notification of the proposals at an early date.

We most strongly object to these proposals, which we consider completely inappropriate for a residential area of the village, with no nearby facilities and with a mainly elderly or retired population.

A more appropriate use would be as a general care home which would be of more benefit to the village community.

Yours faithfully,

AJ & W HOBDEN
