Anita

I would confirm the following

1. I have spoken to the client and he has confirmed to the best of his knowledge there has not been any complaints from neighbours at either of their sites in Worthing.
2. There will be a maximum of 5 residents for each use group as set out in the design and access statement section 2 paragraph 2.
3. The applicant is happy for a condition to be included limiting the use "to provide supported living for the disabled young adult service users with learning difficulties as set out in the design and access statement" section 1 paragraph 1 and section 2 paragraph 2.

I hope this answers concerns raised by local residents.

Regards
