Hi Anita

The 3 sites currently operated by Progress housing are listed below, the client is not aware of any restrictive conditions on the planning approvals and I can't see documents on council website for previous applications.

We are applying for change of use to C3(b): up to six people living together as a single household and receiving care e.g. supported housing schemes such as those for people with learning disabilities or mental health problems.

Dear Mr Clarke,

The above application has been taken to Member Briefing Panel and they have asked for clarification of the addresses where the other units run by your client operate locally. I believe that your client has 3 other properties in the Worthing area.

You have offered to accept a restrictive condition relating to a particular use type. Are you aware if similar conditions have been imposed at the other sites?

I would appreciate your response by early next week please.

Regards

Anita Gardner
