25 MAY 2022

20/5/22

Dear Madam.

I am writing with great concern and objection, as I have just read the Public notice displayed locally, and ON LINE on my Computer

My neighbours intension is to build a single story extension the the front of their bungalow facing South. which I understood would go beyond the Building line of the property.

Also they intend to put up a exterior staircase on the East side, to gain access to the existing flat roof, to use as a terrace

This would encroach on my privacy as they will have full view of my rear garden.

NOTE

Why do people buy a Bungalow and try to turn it into a 2 story House.

Yours Sincerely
