Hi Andrew,

Sorry it has taken me a little longer than anticipated to get to this.
Having now reviewed Acoustic Associates Sussex Ltd.'s Desktop Noise Assessment (ref.: J2938, dated 22 May 2020), the content is considered satisfactory, however I would please like the applicant to clarify the provision of music for the early afternoon 'quiet time' aspect of the facility, specifically:

- when will the music be played
- where will the music be played
- how will the music be played
- what type of music will be played
- will the noise level be monitored and if so, how and by whom

Thank you,

Kate.
