Good afternoon,

I would like to concur with Karen Osborne-Shaw’s comments around the application to build dog kennels along the adjacent fence to the riding school at Hangleton. I feel this would cause a detrimental affect on both dogs and the horses.

Having owned horses for over 40 years I have witnessed the injuries incurred due to horses feeling unsettled and anxious. The dogs barking near their exercise area could cause many injuries to the children riding and have a detrimental affect on both the horses and the dogs. Whilst I value the good work of WADARS, I would respectfully request this application is reconsidered to enable an amicable resolution.

Yours faithfully
Lorraine Brockhurst MBE
