Many thanks.

No net as part of the application.

We already have moveable nets at the ground which we use with the current Astro.

Noted with regarding the habitat.

Good morning,

I am the case officer for your application at the address above. I notice in the document submitted from NottSport ref: AN25-167/FERR250902, there is reference to a net. Please could you confirm if any permanent net is to be erected on or around the wicket?

In addition, I have now heard from the council's ecologist, and his response is attached. Whilst there is no objection to the proposed BNG measures, it would be helpful to see where the proposed grassland modification will take place within the site, and how you propose to create the habitat specified. It may be useful for you to consider this, to avoid problems or delays in discharging the BNG condition which will be attached to the permission.

I look forward to hearing from you.

Kind regards,
