Mr James,

Thank you for your email.

I will add this email to the file concerning your comment about the street scene that I requested.

I can assume that Section B is the proposed North elevation.

For clarity, if you agree, I can label Section B as the proposed north elevation to include your annotation of Section B.

Please let me know if this is acceptable. I will validate the application from the 25th June.

If you have any questions, please let me know.

Thank you,
Mrs Johnson

Dear Mrs Johnston

All the information requested is shown on the submitted drawings:

The East elevation is clearly shown at the top of drawing 3A.

The proposed building is also clearly shown next to the adjacent building on drawing 2A – there is no immediate building to the south of it as an access drive exists and the drawing shows the proposal clearly in situ alongside existing development. The proposal is also within a private industrial estate – not the public realm.

We would be grateful if you could validate the application as of date of receipt.
