Dear Sirs,

I would like to oppose
the application for warehouse
type buildings in McIntyre's
Lane for storage and distribution
as this is not an Industrial
Estate and these buildings
would spoil this totally
unsuitable area on the edge
of the National Park.

These unsightly buildings
would ruin this stretch of

Downs and fields, which is a lovely place to walk for peace and wildlife; which the noise and comings and goings of all the extra lorries etc. would ruin.

Also adding even more congestion to an already busy A259.

Yours faithfully
