Dear Ms Rowe,

Application to Connect to the Public Sewerage System - Section 106 Water Industry Act 1991.
Location: 40 Little Paddocks, Ferring, Worthing, West Sussex, BN12 5NJ.

We refer to your recent application to connect to the public foul sewer at the above location. We are pleased to advise that your proposal, as shown on your drawing 456920-100, is approved subject to:

This letter is for the purpose of approval to permit communication to be made to the public sewer, under S106 of the Water Industry Act 1991. It is to the means and mode of construction only.

S106 approval does not confirm that public sewer network capacity is available for the proposed development. The availability of capacity may be assessed through the Pre-development enquiry process.

This letter should not be considered as approval by Southern Water to the discharge of any relevant Planning Conditions relating to drainage. This is a separate matter which will be reviewed under a consultation from the Planning Authority.

If connection is to be made through land under the ownership of other Parties, then you are advised to obtain the Landowners consent before carrying out any works.

In approving this application, it is assumed that you have obtained any necessary Building Regulations Approval and /or Highway Authority Road Opening License.

This approval is given based on the information provided in support of this application and the assumption of the final discharge point being to the public foul sewer. If this is different, then this approval becomes invalid.
