RECEIVED

Dear Sirs,

I strongly object to
this application for a house
in the garden of Flint House,
our lovely village has a
wonderful Conservation ^{area} and
this would ruin our oldest
area in Ferring, with its
ancient Buildings, plus
spoiling an attractive Garden.

Also walking along the
unmade road to Gledelands

recreation ground, which many people do, would become a hazard with the extra traffic this would cause.

I must admit I was surprised this application could even be considered in a Conservation Area being an Ancient Rectory Estate.

Yours faithfully
