Planning Application FG/76/19

I strongly object to this application to site a new house in the garden of this old house. Old Flint House is in a Conservation Area and has been there for a couple of hundred years - designed to stand in a spacious garden.

Such a new-build will not help with the housing needs of Ferring and the builders' lorries will certainly plough up what is only an untarmac'd country lane leading (by foot) on to the Recreation Ground.

Please reject this application.

MISS D E WOOD
