Hi Charlotte

I am currently dealing with a compliance case relating to the above site, to which, I have invited the above application.

Following my site inspection, I can confirm that the existing garage has been demolished & not converted in accordance with Building Control requirements.

I note, the application is currently on hold and, that the plan submitted with the application shows conversion works & is dated January 2017.

I realise that Charlotte Bodin is on annual leave at present, but could I ask that this is raised with the applicant at your earliest convenience.

I would also appreciate a notification by email when the application is accepted as a valid submission.

Many Thanks
Lisa
