Dear Sir/Madam,

Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: FG/82/21/PL
Site Address: 11 Ferring Marine Ferring BN12 5PP
Description of works: Variation of condition imposed under FG/127/19/HH relating to approved plans.

Thank you for your internet representation made on 22nd May 2021 which has been recorded as an objection with the comments as follows:

OWPC36576

Following on from our previous comment record number OWPC36575.

I would also like to point out that after looking at the drawings submitted with this application in more detail, other than the other request to vary the rear doors from bi-fold to the current sliding doors that have already been installed, I have noticed that there are a number of other differences/changes/inaccuracies on these drawings that have been submitted and on a number of previous applications to what has already physically been built/added? I am not sure if that is something that is normal/accepted in the planning process or if that should be taken into consideration when reviewing/making decisions on any applications?

Your views as made above will be considered before the application is determined.
