

Hi Dan,

These are the photos the agent has provided for the screening and planting to replicate a glass screen. Would this be acceptable from your point of view for approval?

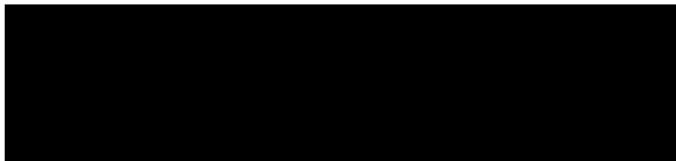

Thanks

Zoe Toppin

Dear Zoe,

Thank you for your recent email;

We would install willow fencing in natural / wavy shapes as shown on the drawings, which would be cross-planted with the Bamboo to soften the boundary and privacy as well as frame the sea view with a natural boundary to suit the sea view and coastal setting.

Willow fence at min. 1.8m height

In conjunction with *Yushania anceps* (to suit the coastal location)

I trust this is acceptable,
Kind regards,
Norbert Kurcz

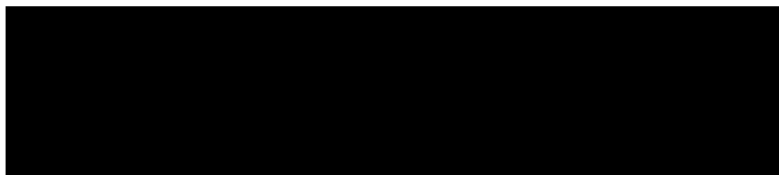

Dear Zoe,

The owners have taken enclosed photographs for better understanding, and to further explain the relation of the proposed soft boundary / sun deck with the terraces & balconies of the neighbouring houses;
The distance between the soft planted boundary and the fence of No9 would be over 4 meters, and towards the fence of No15 over 5 meters.

I trust the attached helps, and that the arrangements are acceptable;
Please confirm safe receipt of the photographs,

Kind regards,
Norbert Kurcz

Dear Mr Kurcz,

I hope you are well.

In order for me to make a decision on this application please can you provide me with some photos of the rear and side elevations of the site showing neighbouring properties boundaries.

I would appreciate if these can be sent to me by 18th June.

Many thanks

Zoe Toppin
