Date 16th June 2015

Dear Sirs,

We wish to oppose the new development of a Machinery Store and Workshop on the center green of the park, as in our opinion the position of the new building is most unsuitable for the following reasons.

- 1. The size of the building would be too large in this area.**
- 2. The noise would be a concern.**
- 3. This building would reduce the children's play area which at present is ideal allowing adults to keep watch on their children.**

**Application FG/85/15/PL
Amended to FQ/61/14/PL**

Yours faithfully
