Subject: Regarding proposed application FG/85/15/PL

Dear Sir/ Madam,

I am writing on the behalf of my mother Rosemary Froggatt, who currently owns a caravan on the Onslow Caravan Park, Onslow Drive Ferring. She, and many other site residents are concerned about the proposed plan to relocate the garage and insert a new road to the site. This will irretrievably spoil the landscape and destroy the centre patch of greenery which makes the site so attractive.

Please take this as a formal request to prevent the Onslow Caravan Park planning application on the premis that it will be an eyesore to both residents and visitors to the area. My mother's caravan is 23. Please do not hesitate to keep her informed about the status of the application as it is a matter that is causing her considerable distress.

Kind Regards,

Miss Anita Varma
