Subject: FG/88/20/HH - 15 Foamcourt Way Ferring BN12 5RD

Dear Andrew

I have noted the objections to this application and would like to comment as follows;

- There are a mix of properties in Foamcourt Way and a considerable proportion are chalet style or have had their loft spaces converted. At least 5 of the properties have dormers to the front elevations.

- The proposed eaves height of the property will remain the same as existing and the front and rear.
- The proposed pitch of the roof is not being altered and the front hipped roof is being retained.
- The proposed ridge is being raised by 1metre this is an increase in height of the property of approximately 18%.
- No 17 has permission ref FG/42/18/HH for extensions and alterations to their property including extension to the south side, raising of the eaves height at the rear , raising of the ridge height and 2 dormers to the front elevation.

Please do not hesitate to contact me should you require any further information.

Kind Regards

Lauren
