ref no: FG/8/20

Dear Sirs,

I strongly object to the building of a 3 bedroom house on the north side of the A259 Angmering and Ferring gap.

This being downland countryside I understood that no housing development was allowed in this area. Which is as it should be as any housing here would be totally out of character and ruin the peaceful countryside of this area.

I am also afraid this

would open the flood-gates
to becoming a housing
estate, ruining what we have
left of our beautiful area.

Yours faithfully
