Supplementary plan.

I refer to our phone conversation on Thursday 27 February and attach a parking plan SD/1.

The highway authority indicated that two car parking spaces would be required. Accordingly, the attached plan shows two spaces. There would be additional spaces available, if required, in the two carports and/or on the surfaced area in front of them.

Secure covered cycle parking is shown in one of the carports.

I trust this is satisfactory. If you have any questions or points, please contact me.
