Dear Anita,

FN/36/11 (NP) Soldiers Field Stables, Soldiers Lane, Findon

I apologise for the archaeology team's late response on this application within the South Downs National Park but I note from Arun's website that the application is still awaiting a decision and I trust I am still within time in commenting.

I note that , in the past, in commenting on applications FN/26/10 and the preceding application FN/36/08 on an adjacent site in Soldiers Lane I had taken the view that the scale of development could be considered *de minimis*. I consider that the same principle should apply to this application, in the circumstances of the case and in this instance, and therefore no action is necessary on archaeological grounds.

Yours sincerely,

Mark Taylor, Principal Archaeologist
