Hi Michael,

As per all District applications this would have come to me, not Ray.

Due to the nature of this development (mainly soft landscaping and a minor one?), it's low surface water flood risk and that it's an amendment to an application from 2009 (before we were statutory consultees) we have no comments to submit for this application. If I'm wrong and this is deemed a major application I will, of course, provide some comments.

We would agree though if land raising has occurred within the flood plain, the EA should be consulted.

Many thanks

b)

West Sussex County Council

[REDACTED]

Ray,

We consulted you and the Environment Agency (EA) on the planning application (FP/103/19/PL) on 7th May 2019.

The application site is located immediately east of an ordinary watercourse and there is evidence of land-raising having taken place on the site. Laura Gibbons was eager to know your views and those of the EA on this matter.

I look forward to receiving your consultation response.

Kind regards,

Michael

[REDACTED]

Michael,

I have no previous record of this and have not been instructed by the Planners at County. I am copying Kevin in case he has been instructed.

Not sure why I would be commenting ordinarily on an Arun application of this nature?

Kind regards

Hi Ray,

Please could I have your consultation response to planning application FP/103/19/PL: Amendment to Planning Reference Y/68/09 to replace sports pitch with a public amenity area on land at Blakes Mead (Site 6: Felpham) north of Felpham.

Kind regards,

Michael
