Dear Mrs Leeson

Further to our recent discussion, I attach revised drawing 03. Assuming it is not too late, we would like you to determine the application on the basis of this substitute drawing. We note the following:

- Bins and secure cycle store moved to the east to de-clutter the view from the road.
- Bund to be removed from the application site and levelled – which further opens up the aspect from the road. We note that the owner of the other half of the bund is also open to the idea of removing his side of it.
- Parking moved slightly to the east and a more sympathetic finish proposed (grasscrete).
- Field of view from the road made clearer, demonstrating that the open aspect to the end of the road will remain.

We look forward to your decision in due course.

Regards

Ben Smith
