Richard

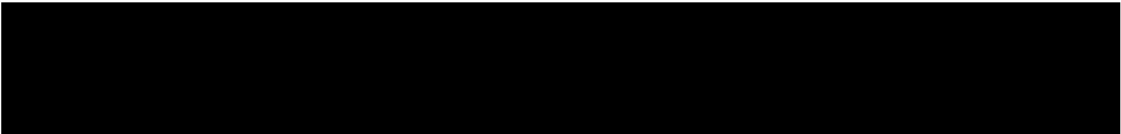

I have attached a revised elevation sheet to show the requested east elevation. Due to a drafting error, the existing roof was shown 125mm too low.

The proposed roof is not designed to project above the existing.

Also attached is the extension of time request, to which we agree.

Dear Mr. Mallett,

I am just writing up the above application, would you be able to send proposed east facing elevations? Is the ridge of the proposed extension meant to go above the ridge of the main house?
