5. Grounds for Application

Is the proposed operation or use

☒ Permanent ☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposed works are extending the back of the first floor property by 1 metre by moving the existing dormer windows forward - there is no increase to the roof height - we believe the works are covered by Permitted Development rights. Our bathroom is small and my wife is very poorly, this extension would give us room for a walk in shower and any other facilities that she may need.

6. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☒ Yes ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☒ The agent
☒ The applicant
☐ Other person

Details of the pre-application advice received

I telephoned firstly to find out if I needed planning permission and or building regs. When I explained what I would like to do, I was informed that I would need to submit a certificate of lawful development,

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
