PROPOSAL: Erection of two storey side extension and alteration to fenestration/openings

**SITE AND SURROUNDINGS**

DESCRIPTION OF APPLICATION

This application seeks to erect a two storey side extension and alteration to fenestration/openings.

The materials used to construct this proposal are similar to those used on the host dwelling. The walls will be painted render with horizontal timber boarding, the roof will be plain grey tiles. The windows will be UPVC and the doors will be UPVC with powder coated aluminium bi-folds.

The extension will be at the side and will be 3.38m to the northern boundary, 14.73m to the east and 17.27m to the west.

At the side (north) elevation the total length of 56 Downview Road will be 12.88m, there will be timber boarding on the first floor. There will be an additional ground floor door at this elevation. At the side (south) elevation the extension has a length of 5.26m and total height of 7.12. At ground floor level there are three extra openings.

At the rear elevation there are opening changes at both ground and first floor level, this is again similar for the front elevation.

## CONCLUSIONS

### PRINCIPLE

The key policies are D DM1 and D DM4 of the Arun Local Plan. Additionally, Policy ESD1 of the Felpham Neighbourhood Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Felpham has a made Neighbourhood Plan with policy ESD1 of relevance to the application. The proposal complies with this policy. The FNDP is currently under review.

Further guidance from the Arun Design Guide is relevant and referred to below.

### DESIGN AND VISUAL AMENITY

The proposal will be to the side of the property and be visible from the street scene and the wider area due to its siting, and will have an impact on the character and appearance of the area. Due to the use of similar materials on and the well integrated design and size of plot, the addition of a extension to the side of the property isn't considered to have a harmful impact on the character of the street scene.

As a result this proposal is not considered to result in an adverse appearance on the street scene, or result in a harmful impact upon the host dwelling, and as such, is deemed to be in accordance with D DM1, D DM4(a), (b) and (e) of the Arun Local Plan and J.01 of the Arun Design Guide which outlines that built form and character varies considerably throughout the Arun District as a whole and within the settlement character areas identified in section C.06 of the design guide. Also section M, referring to

householder extensions. Extensions should respond to and complement the existing character and appearance of the building and wider townscape in terms of scale, massing. It is considered this is achieved, with the addition appearing well integrated and sympathetic in design to the host dwelling.

#### **RESIDENTIAL AMENITY**

The extension is at the side of the property and due to the design considerations such as materials and window locations, it is well integrated into the host dwelling. As shown within the plans the extension has significant boundaries at all locations which range from 3.38m to 17.27m at the front.

With regard to potential for loss of privacy there are no openings proposed that provide any harmful overlooking into neighbouring properties. The vast majority of windows and doors of this proposal are at ground floor level, as a result due to this there will naturally be a reduced overlooking impact and the significant boundaries at all elevations also results in limited overlooking or overbearing impacts to any neighbouring properties.

There is a new window at the north elevation at first floor level. This looks towards the road and does not result in a reason for refusal.

As such, the proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

#### **SUMMARY**

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions and informatives.

|                         |
|-------------------------|
| <b>HUMAN RIGHTS ACT</b> |
|-------------------------|

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
