Dear Scott,

I posted the site notice on 23rd of January and the last date for comments is the 20th February. I have not had any representations so far. The only consultee I am awaiting is that of Felpham Parish Council. At present, given the replacement mast is only 0.1m higher, I cannot see any problem with the application but until the neighbour response period has completed I cannot confirm the likely recommendation. The application will be dealt with under delegated powers unless either the Parish Council objects or I receive 5 letters of objection or it is called in by a councillor.

I hope this is useful.

Kind Regards

Hi Simon,

I refer to the applications submitted (FP/12/14/TEL) and I, on behalf of my client, would be very grateful if you could provide an update on how the application is progressing, ie any third party representations, if there is any further information/clarification that would be useful and likely recommendation/decision.

Thanks for your help.

Kind Regards,
Scott
