Dear Michael,

consultation response to planning application FP/12/21/PL regarding the emergency services vehicles access gate at Westmorland Drive.

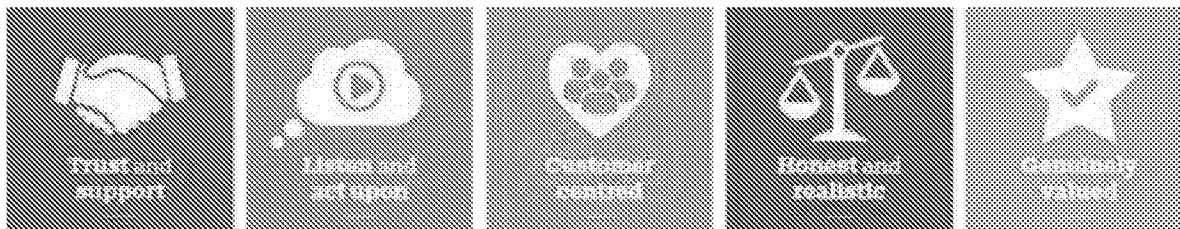

The diagram submitted indicates sufficient access width for an fire appliance. Information will be required on how the gate will be secured i.e. with a padlock to ensure the Fire Service can gain access in an emergency. A padlock is preferable as they can be cut off if emergency access is needed and there is no key provided.

Regards

Ian
