Dear Mr Neil Cawther,
Re: FP/132/19/PL. Application.

We live at 1 Gramsmere Close, our garden leads on to the back of Felpham Parade back of Shops.

Regarding Gramsmere parade, Shop 3, Felpham Road, Felpham being turned into a Cafe by A3 Restaurants — we are all for new and good changed in the village, however we are very concerned about the type of Extractor that will be used. Some extractors can be very noisy and make a horrid droning noise. We do have double glazing, however even in the winter have some windows open. We also of course use our garden.

Can we be guaranteed that there will not be unacceptable noise?

Yours sincerely.
