

**Drainage Statement (Lidsey)**

**4 Bereweke Road, Felpham, West Sussex. PO22 7EQ.  
Full Planning Application**

**Foul Drainage** – The existing foul drainage will be unaffected and will continue to connect and discharge into the existing dwellings system on site and then go into the existing Southern Water Main drain within Bereweke Road.

**Surface Water** - There is no increase in impermeable areas and therefore the existing surface water drainage outlets will continue to be used unaltered.

I trust that this information is satisfactory, should you have any comments or queries please do not hesitate to contact me.
