June,

Thanks for confirmation of the original colour. The street is characterised by white/cream coloured buildings and the colours now proposed are a departure from that character. However of the two suggested I believe that C06 grey green would be the more appropriate of the two colours.

If you would like to confirm your choice I will ensure this e-mail is uploaded to the web so we can determine the application on the basis of that choice. If you would like to leave the colour choice open we are likely to impose a condition on any permission that may be granted requiring submission of a schedule of materials.

Good morning Daniel

Cream cladding was the original choice.

Many thanks

June,

Thanks for your e-mail. Can you confirm what colour was previously agreed?

Hello Daniel

The applicants of this application would like to change the colour of the first floor cladding to either Marley Weatherboard C06 Grey Green or C03 Grey Brown. Do you have any problem with either of these colours?

Many thanks
