Re: Request for further information FP/13/21/HH

We sent you safe versions of your files; Side Elevation.pdf

Mimecast Attachment Protection has deemed this file to be safe, but always exercise caution when opening files.

This Message originated outside your organization.

Sian

Thank you for your email. I attach a copy of the side elevation as requested. I would like to confirm that the window in the side elevation of the new porch looks out onto our driveway and on the other side of the driveway we are protected by a 6 foot high Brick wall. The only way that the side elevation will be seen from outside the property by pedestrians, is at an angle from the driveway entrance

Kind Regards

Vince West

Dear sir

Thank you for your email, the plans are all fine however as the porch would be visible from the side. Please provide the 1 side elevation showing the new porch.

Kind regards

Sian

Thank you for your letter dated 26th January 2021. I attach all the information you requested including the following

- 1) Location plan which I can confirm outlines the entire site in red
- 2) 1:100 scale existing and proposed floor plans
- 3) 1:500 Block plan with dimensions from the proposed front face of the new porch to the existing boundaries and driveway entrance
- 4) 1:50 existing and proposed elevations
- 5) Completed Form 1: CIL Additional information

I can also confirm that there are no trees in the vicinity. The closest tree is in the rear garden of number 8 Limmard Way and is some 30 metres away from the proposed porch, behind my garage. There is an existing 6 foot high hedgerow approx. 10 meters the other side of my front garden timber fence, which is a further 10.4 metres from the proposed porch

Please let me know if you require any further information

Kind Regards

Vince West
