Claire,

Please can you confirm that you have now received these drawings on the basis we are coming up to the 17th February?

I also attached the tree protection plan in relation to DOC application FP/145/16/DOC.

Many Thanks.

Subject: RE: *Ext: FW: Barratt David Wilson Homes - Site 6, Phase 4 and 5, Land North of Felpham, PO22 8FX - Deed of Variation FP/102/16

Claire,

See an update on information outstanding relating to the DOC application below.

FP/142/16/DOC – Condition 10 – landscaping and tree protection outstanding. In relation to the landscaping plans, I have requested that the correct plans are submitted – the approved plans list included landscape plans but ones with different numbers which related to different areas were submitted for the DOC. We also need a tree protection plan that relates to the FP/224/11 Plan area. It would be sensible if the landscape plans are updated to include the additional landscaping/ hedgerows under FP/102/16/PL.

This submission relates to phases 2, 4 & 5 under a previous replan consent. I will be providing information relating to the landscaping and hard landscaping for phase 2 shortly. As far as phase 4 & 5 is concerned, I have provided soft / hard landscaping plans and a tree protection plan.

FP/95/16/DOC – Condition 4 – drainage – Southern Water objection – as proposed surface water not designed to adoptable standards. I understood from Southern Water that this was being discussed directly with them? I have emailed Southern Water to clarify what they want to see. Could you please check if you've had any discussions directly so this can be resolved?

Our engineers have set up a meeting with Southern Water to discuss their concerns in further detail although they have confirmed that they believe all drainage on the development has been designed to an adoptable standard.

FP/145/16/DOC – Condition 8 – see comments from 20 July. Agreed at last meeting with Rob that the correct plans would be submitted – there's no hard landscaping or tree protection information. Going back to an earlier permission FP/128/09 there was a tree removal and protection plan for this area which could be update for the revised layout and re-submitted (tf 607/TPP/102). Condition 4 – surface water drainage – awaiting plans showing the drainage of this part of the site (there were engineering layouts with the earlier application FP/128/09 – see MJA 4348:01).

Hard and soft landscaping plans will be forwarded shortly. The construction of the cycle path will be pourus throughout. All of the planting on the slopes is finished with hard wearing shrubs which are reflected on the landscaping plan provided. The planting is all within the extent of the plot conveyance.

FP/146/16/PL – The plans submitted show the hedge location so I'll discharge this one.
Noted.

Please could you also agree an extension in time for the above DOC applications until end February, and confirm that the information will be submitted as soon as possible to allow them to be discharged by the end of Feb at the latest.

Please can you confirm if you have access to Dropbox so I can share the submission electronically?

Many Thanks.

Robert,

I know you're keen to discharge the conditions on the re-plan but we're not able to validate it until the main permission has been issued. The S106 is currently being finalised. I talked through the S106 with legal on Friday so hopefully it is nearly there now. Once it's signed and the permission issued we will be able to process the discharging of conditions and I would be happy to meet then.

My earlier email was requesting the outstanding information for other DOC applications which still need to be resolved – as we discussed at our last meeting. If the outstanding information is not submitted by the 17th Feb I will refuse the outstanding conditions.

Kind regards

Claire

Stuart,

I've chased this up again, I think it's taken a bit of unpicking as it's a complex site. We agreed verbally an extension of time but I don't think we have one in writing? Would you be able to agree an EoT until mid Feb?

I'm also waiting for information on the outstanding DOC applications as follows:

It seems to me that the best way forward is for the applicant to draft the deed of variation and for us to amend if required.

Also, the only 106 agreement that I have is dated 19/11/15 with Kingsoak Homes. What is the relationship between Barratt and Kingsoak?
