8th September 20011

Dear K. Rawlings,

Further to our communication of the 6th Sept 11, I have redrawn the West Elevation of this dormer at 64 Wroxham Way, Felpham as you requested. I have also included a revised floor plan so as you can see the reason as to why I was unable to draw two dormers, however you will see that I have reduced its length by nearly two metre's.

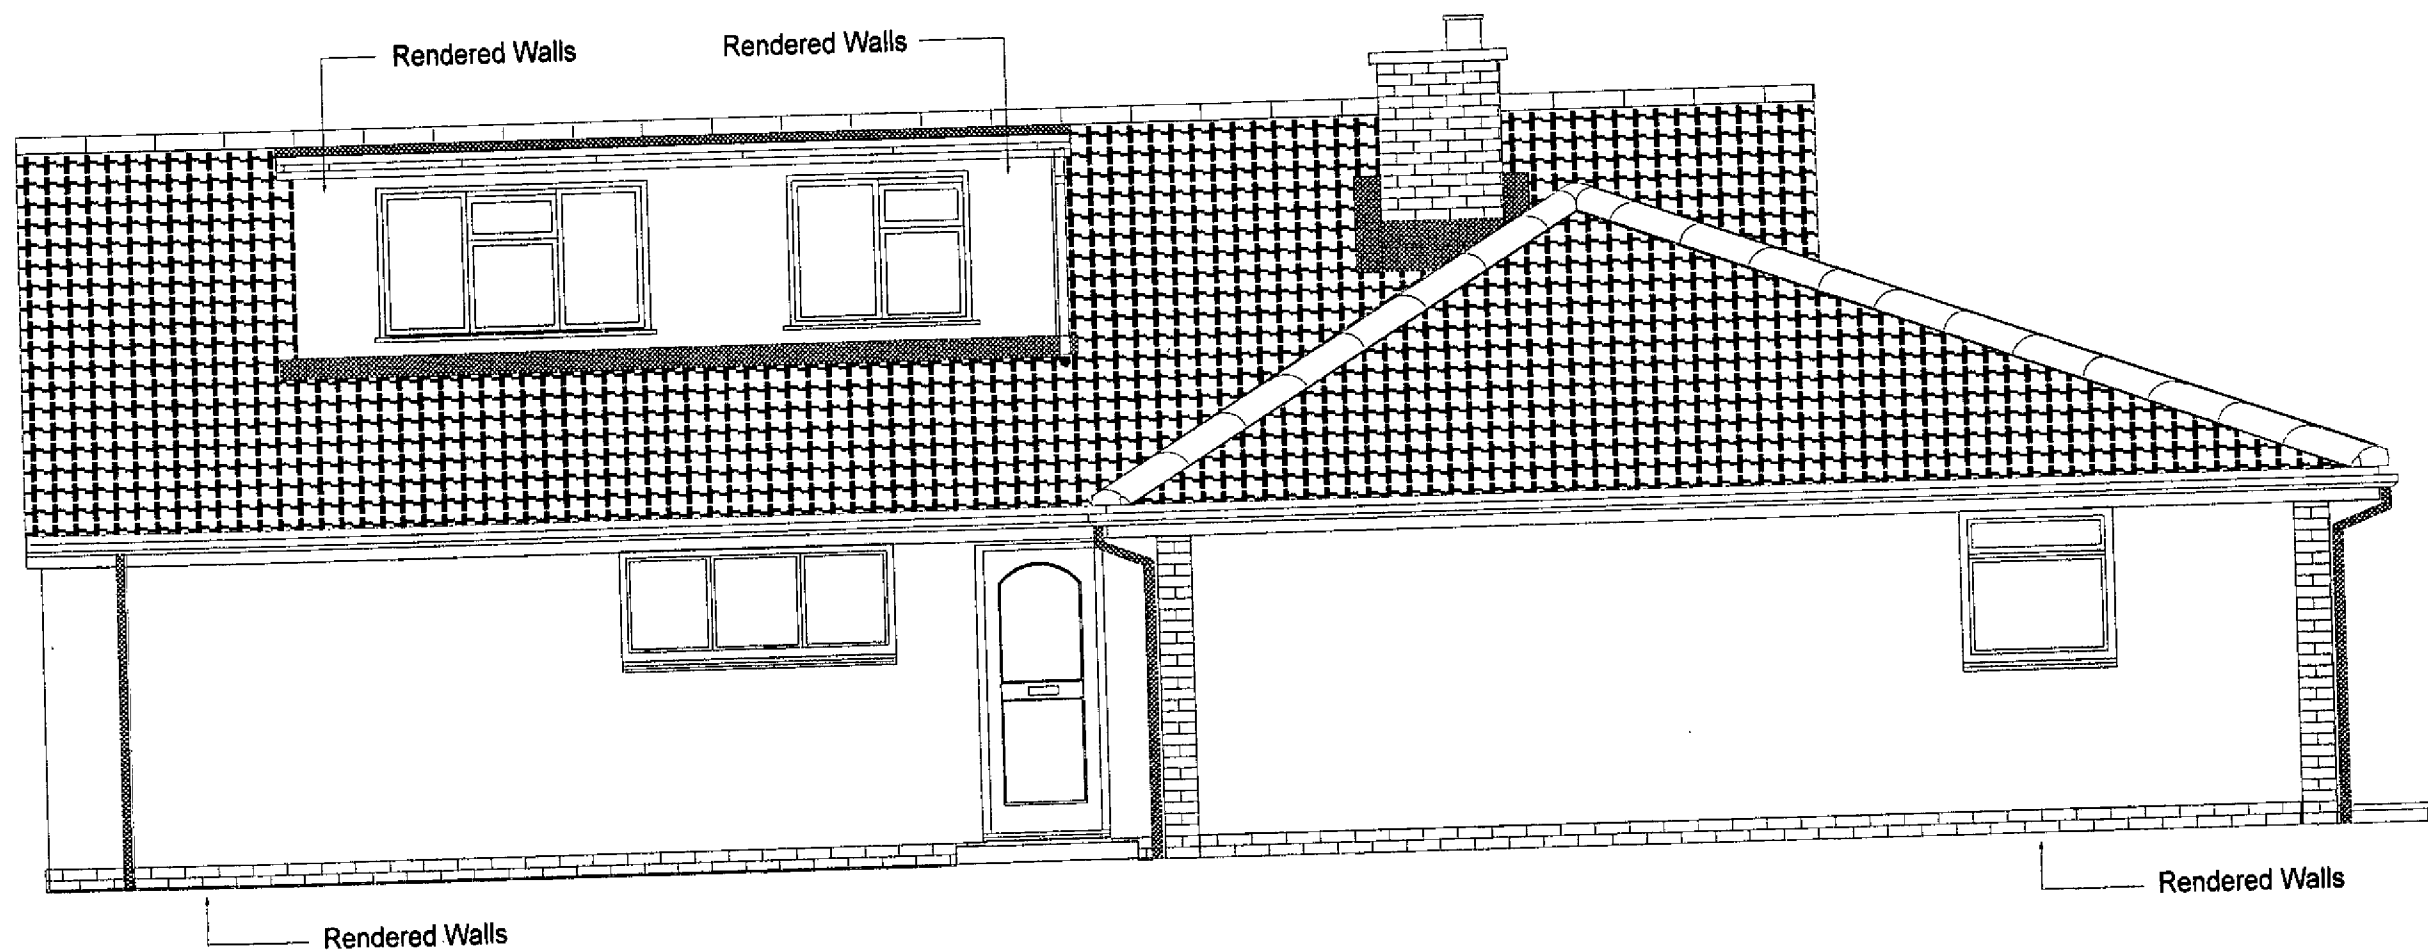

The position of the staircase or should I say the room that it is sited in has dictated the design of the roof at the point at the entry to the landing space. Unfortunately this is the only position that the stairs can go. I look forward to your comments.

Yours sincerely

Keith Trotman.

K. TROTMAN. BSc. (HONS). FM. MICT ret. Dip C. Eng. Dip Bld Mg Surveyor.
