Dear Mr Bentley,

I have received tree officer comments regarding your application for works at Priory Garty, 16 Roundle Square, Felpham.

The application is set to be refused, however, as you can see the Arboriculturalist has suggested alternate works.

If you would like, I can change the description to allow you to do the works stated in the response. This would save a re-application.

Please reply within a week so I can do this for you.

Yours sincerely,

Z Denton
