CONCLUSIONS**PRINCIPLE**

The key policies considered are D DM1 and D DM4 of the Arun Local Plan. Felpham has a made Neighbourhood Plan with policy ESD1 of relevance to the application. The proposal complies with this policy.

DESIGN AND VISUAL AMENITY

The proposal will be situated to the front of the property and will therefore be visible. The porch has a depth of around 2.5m with a height of 2.95m with a pitched roof. Whilst this adds bulk to the front of the property, it is not considered to appear as an unduly dominant feature to the front elevation. The materials match of the existing house and is considered to appear well integrated. Surrounding properties are similar in appearance however there are examples of porches and it is not considered to result in dwelling appearing out of keeping with the area.

The proposal is not considered to adversely impact the spatial pattern of the street scene and is deemed to accord with D DM1 and D DM4 of the Arun Local Plan.

RESIDENTIAL AMENITY

Due to the siting of the porch to the principal elevation it is not considered to give rise to adverse overbearing or overshadowing impacts retaining 2.5m to the side boundary and 6m to the front. There will be a windows to the northern and eastern elevations, however any views are not considered additional to that which can already be achieved and will be of the street scene. As a result of the scale and siting of the development, it is not considered to harm amenity and accord with D DM1 and D DM4 of the Arun Local Plan.

PARKING

Whilst reference is made to conversion of the garage this is only a part garage not large enough for a car and therefore there is no loss of parking.
